

Change the way you generate RWE in AML by understanding the full patient journey with xCures and Aetion.

xCures captures AML data along the entire patient journey with patients consenting to their data being used for research purposes when they enroll on the patient-facing platform

AETION.

xCures

To learn more about how Aetion and xCures can help you better understand RWE in AML, contact: sales@aetion.com or mgoldstein@xcures.com
